SECURITY SOLUTIONS

DATA SECURITY KITS

- Optional Kits for Multifunctional Products (MFP) and Printers

- Provides Data Overwrite Technology (up to three times)

- Manual and Automatic Deletion Processes

- Password Protection

- Protects company information and assets at device level

- Common Criteria Certification (ISO15408)*

- EAL3 Level Conformance and Validation

KYOCERA

DATA SECURITY KIT SPECIFICATIONS

Data Security Kit (B)
Compatible with:
- KM-8030
- KM-6030
- TASKalfa 820
- TASKalfa 620

Data Security Kit (C)
Compatible with:
- KM-5050
- KM-4050
- KM-3050
- KM-3060
- KM-2560
- FS-9530DN
- FS-9130DN

Data Security Kit (D)
Compatible with:
- KM-C4035E
- KM-C3232E
- KM-C3225E
- KM-C2525E
- FS-C8100DN
- KM-C3232
- KM-C3225
- KM-C2520

Data Security Kit (E)
Compatible with:
- TASKalfa 552ci
- TASKalfa 500ci
- TASKalfa 400ci
- TASKalfa 300ci
- TASKalfa 250ci
- TASKalfa 520i
- TASKalfa 420i
- TASKalfa 300i
- FS-C8500DN

Kyocera Advantage
Protect your company's confidential documents, information and assets with Kyocera's optional Data Security Kits for select MFPs and Printers. Kyocera's Data Security Kit is very simple to implement, easy to use and highly reliable.

Today's privacy and confidentiality requirements for corporate and government entities demand security as part of their overall business strategy; protecting the data that is printed, scanned, copied or stored, all a part of the day-to-day operations and workflow every company experiences, is essential. Performing any of these essential tasks can leave a latent imprint of sensitive data on a system's hard disk drive; protecting the confidentiality of this data from unwanted intrusion and access is a challenge that must be met.

Kyocera developed optional Data Security Kits as a means for businesses to protect the data on their MFPs and Printers, providing a reliable and effective deterrent from unauthorized access and activity.

Data Security Kit Features
- 1x or 3x Overwrite Method
- Data Encryption [Data Security Kit (C) & (E)]
- Password Protected for Administrators
- Automatic and Manual Deletion Modes

Installation of any Data Security Kit eliminates 'Repeat Copy' Functions

EAL3 Conformance and Validation

Common Criteria Validated EAL3
Data Security Kit (B) Software V1.10E
Data Security Kit (C) Software V1.40
Data Security Kit (C) Software V2.40
Data Security Kit (D) Software V2.10E

* The validation for information security thate these products have earned indicates that it conforms to the assurance requiements as a result of evaluations based on specific evaluation criteria and evaluation standards.

For representation purposes only

Common Criteria Certification (ISO 15408)*

- Data Security Kit (B) has been ISO 15408 Certified
- Data Security Kit (C) has been ISO 15408 Certified
- Data Security Kit (D) has been ISO 15408 Certified
- Data Security Kit (E) is undergoing evaluation (4/10)-

Model Support

Models	Print	Copy/Scan
Data Security Kit (B)		
KM-8030/6030	HD-ME5	Standard HDD
TASKalfa 820/620	HD-10	Standard HDD
Data Security Kit (C)		
KM-5050/4050/3050	Standard HDD	
KM-3060/2560	Standard HDD	
FS-9530DN/9130DN	HD-ME5	Not Applicable
Data Security Kit (D)		
KM-C4035E/3232E/3225E/2525E	HD-ME5	Standard HDD
FS-C8100DN	HD-ME5	Not Applicable
Data Security Kit (E)		
FS-C8500DN	Standard HDD	Not Applicable
TASKalfa 552ci/500ci/400ci/300ci/250ci	Standard HDD	
TASKalfa 520i/420i	Standard HDD	
TASKalfa 300i	Standard HDD	

* Compatible MFPs only. Kyocera makes no claims of ISO certification on supported printer models.
